Assemblymember Gabriel's press coverage, in tables

Everything the office's press tracker holds, for readers who will never open it · Data as of Nov 5, 2026

What the tracker is

The tracker is the office's database of every news story that names Assemblymember Gabriel: print, online, TV, radio, podcasts and non-English outlets. Stories are found by web searches run with Claude (an AI assistant), monthly downloads from the NewsBank and ProQuest newspaper archives, and TV transcripts. Each story is checked to confirm it is about him. It is then tagged with its outlet, date, topic, bills, tone and how prominently he appears.

A **story** is the first appearance of a piece of reporting. When other outlets run the same text, those copies are counted as **reprints** of that story, not as new stories. When a site posts one of his press releases word for word, that is a **release copy** and is not counted as coverage.

At a glance

Measure	Count
Stories (2018–Nov 2026, plus 91 earlier)	3,832
Reprints of those stories	3,591
Word-for-word release copies (not counted)	399
Outlets that ran a story	810
Press releases tracked (official sites)	236
Bills of his tracked (since 2017)	273
Stories that name one of his bills	1,904 (50%)
Stories that quote him	46%
Stories not in English	411 (11%)

How prominently he appears

Level	Meaning	Stories
Featured	The story is about him	788 (21%)
Quoted	His words in quotation marks	1,121 (29%)
Named	Mentioned, not quoted	1,575 (41%)
List-only	One name in a list	166 (4%)
Not rated		182 (5%)

> His name is in the headline of 72 stories; 8 stories are op-eds he wrote.

Coverage by year

Year	Stories	Reprints	Outlets	Releases	Releases covered	Quote him	Positive / negative
2018	129	82	45	2	–	–	–
2019	195	174	88	15	53%	–	–
2020	123	62	54	15	53%	–	–
2021	271	190	122	39	79%	–	–
2022	296	170	125	33	64%	–	–
2023	764	951	331	37	84%	52%	112 / 43
2024	714	696	276	34	88%	50%	81 / 16
2025	642	688	283	28	75%	45%	75 / 47

> The 2023 jump is AB 418, the food-additives bill. Before 2023 the archive is thinner, so earlier years are undercounts. 2026 is left out because the year is not over and its newest weeks are incomplete until the next NewsBank download. "Releases covered" is the share with at least one related story.

What kind of outlet

Medium	Stories	2023 → 2025
Online news	1,346	263 → 254
Newspaper	1,344	252 → 173
TV	338	84 → 62
Trade press	283	
Wire services	177	28 → 16
Newsletters and blogs	169	
Radio	76	16 → 16
Magazines	57	
Podcasts	14	0 → 1

TV and podcasts are the hardest to catch, so they are undercounts. Sacramento stations (KCRA, ABC10, FOX40) now carry more of his TV coverage than LA stations.

Who the audience is

Reach	Stories
California regional and local	960
Statewide California	816
National	482
Trade, advocacy and blogs	416
Jewish press	333
Ethnic and in-language	293
International	160
His district and the Valley	152
Out-of-state local	89

Some outlets fall into two groups; each story is counted once, under its main group.

Topics

Topic	Stories	Share
Food safety	891	23%
Antisemitism / Jewish community	580	15%
State budget	393	10%
Roundups and other	310	8%
Guns	302	8%
Elections and campaigns	268	7%
Social media and tech	151	4%
Housing and homelessness	147	4%
Immigration	101	3%
Wildfire; Education	100 each	3% each

Bills that drove coverage

Bill	Stories	Reprints
AB 418 food additives (Skittles bill)	470	609
AB 1264 ultra-processed school food	283	157
AB 2316 school food dyes	265	252
AB 28 gun and ammunition tax	128	191
AB 2244 state seal	115	67
AB 587 social media transparency	112	110
AB 1127 Glock conversion ban	90	143
AB 2867 Nazi-looted art	44	78
ACA 20 rainy-day fund (Prop 2)	23	24

Languages

Language	Stories	2025	Main outlets	Main topics
Spanish	179	21	Adelante Valle, La Opinión, SFV Sun (bilingual), La Nación, Infobae, Telemundo 52, Univision 34	Food safety, antisemitism, guns
Chinese	113	16	Epoch Times, Sing Tao Daily, NTD, World Journal	Food safety, roundups, guns
Korean	49	7	Korea Daily, Korea Times, Yonhap	Roundups, food safety
Hebrew	21	1	Hebrew News (LA)	Jewish community, district
Russian / Persian / Vietnamese	17 / 11 / 10	3 / 3 / 1	Mostly one-off pickups; Nguoi-Viet	Food safety

74% of non-English stories follow an English story on the same subject within a week; releases go out only in English. The Armenian press (Asbarez, California Courier: 28 stories each) covers him in English.

Outlets that cover him most

Outlet	All-time	Last 12 mo.	From releases
Politico (incl. Pro, Playbook)	206	42	10%
Sacramento Bee	153	30	30%
CalMatters	106	17	11%
Los Angeles Times	105	6	40%
Jewish Journal (LA)	104	16	18%
Sacramento TV (KCRA, ABC10, FOX40)	70	22	≈40%
San Francisco Chronicle	65	11	45%
J. The Jewish News (NorCal)	57	7	30%
Epoch Times	56	3	39%
Los Angeles Daily News	55	5	27%
San Diego Jewish World	44	13	9%
Courthouse News Service	40	6	43%
California Globe	40	7	60%
Center Square California	25	12	28%
Sing Tao Daily (Chinese)	26	10	15%

"From releases" is the share of the outlet's stories (2021 on) linked to one of his releases; the rest is its own reporting. The LA Times drop is mostly a gap in what the tracker can collect, since the paper blocks the web search.

Reporters active in the last 12 months

Reporter	Outlet	Stories
Andrew Graham	Sacramento Bee	11
Madeline Shannon	Center Square	11
Yue Stella Yu	CalMatters	8
Blake Jones	Politico	7
Stephen Hobbs	Sacramento Bee	6
Linh Tat	Southern California News Group	6
Melanie Mason	Politico	6
Antonio Ray Harvey	California Black Media	5
Teresa Liu	LA Daily News	5
Jenny Huh	ABC10	5
Lia Russell	Sacramento Bee	5

Former regulars now quiet: Lara Korte (50 stories, none since Oct 2024) and Andrew Sheeler (30, none since 2024). Dustin Gardiner (48) and Ryan Torok (47) still write occasionally.

Who multiplies a story

Source	Reprints per story
AP	about 20
CalMatters (free to republish)	about 7
USA Today network	up to 48 (one story)
Bay Area News Group; McClatchy; SCNG	several each

25% of stories were reprinted at least once, 3.8 times on average; most reprints appear the same or next day.

Tone

Tone (of 3,704 rated stories)	Share	Where it concentrates
Neutral	79%	Politico, the Bee and the Chronicle: over 95% neutral
Positive (incl. very positive)	16%	Jewish press (about 40% positive), Valley and local papers, food safety (23%)
Negative (incl. very negative)	5%	Guns (17% of gun stories), California Globe (40%), opinion pages; the 10 very negative pieces are all opinion

Tone describes how a story treats him, rated by Claude against a written rubric. Straight news reporting is rated neutral by rule.

Press releases

Kind of release	Sent	Covered	Stories (median)
Governor signs a bill	40	85%	3
Introduces a bill	20	85%	3
Statement on the news	19	84%	2
Passes the Assembly or Senate	28	64%	2
Honors and awards	7	14%	0
All other releases	118	75%	1.5
All releases (since 2018)	**236**	**75%**	**2**

Issue	Sent	Covered	Stories (median)
Antisemitism / Jewish community	49	84%	2
Food safety	24	100%	19.5
Housing	24	67%	1
Guns	21	81%	5
District and community	18	61%	1
State budget	17	76%	2
Restaurants	9	89%	5

His bills, 2021 on	With a release	Without
Introduced: share covered	88%	5%
Passed both houses: share covered	79%	20%
Signed: share covered	100%	58%
Signed: stories (median)	5	1

Day sent (2021 on, food safety left out)	Sent	Covered	Stories (median)
Monday	20	95%	3
Tuesday	42	76%	2
Wednesday	29	59%	2
Thursday	28	71%	1.5
Friday (stories land ~3 days later)	27	89%	3

Other patterns	Covered
"First", "landmark" or "nation" in the title	97% (median 13 stories)
Names a bill / names no bill	81% / 59%
Has a Gabriel quote / no quote (15)	77% / 47%
With one other legislator / solo	76% / 75%
Three or more legislators	58%

Speed: for releases that got coverage, the first story came by the next day 78% of the time and within a week 91% of the time. 36% of all stories since 2021 are linked to a release. Big bills get both more releases and more coverage, so these tables show what goes together, not proof of cause.

How far to trust these numbers

Area	How sure	Why
Totals, topics, bills, top outlets, the calendar (Sept–Oct = 33% of stories)	HIGH	Large counts from several sources, checked story by story.
Release performance and the with/without-release comparisons	MEDIUM-HIGH	Every release is measured the same way; missed coverage would raise all rates, not reorder them.
Year-to-year trends, tone, quoting	MEDIUM	Search methods improved over time; tone is AI-rated; the newest weeks are incomplete.
TV, radio, podcasts; Spanish local press; the LA Times	LOW-MEDIUM	The hardest coverage to catch. Drops here are partly gaps in collection; confirm with the office's own records.
Best day of the week	LOW-MEDIUM	Small samples, no send times, and the day often depends on the event.

Source: the office's press tracker workbook (Coverage, Press releases and Bills tabs), Nov 5, 2026. Stories are first appearances; reprints and word-for-word release copies are counted separately.
